Update on the Church Building Project

Consultations with the ministry team, group leaders, community clubs and the congregation were completed in July and a summary report presented to the July PCC meeting. After further discussion, a Requirement Specification, derived from the consultation summary was produced and approved by the September PCC meeting. A "long list" of architects has been approached to ask for interest and we expect initial submissions to be evaluated by the PCC in November. We hope to appoint the successful architect in the New Year.
